

Examples of Pre-Work Assignments

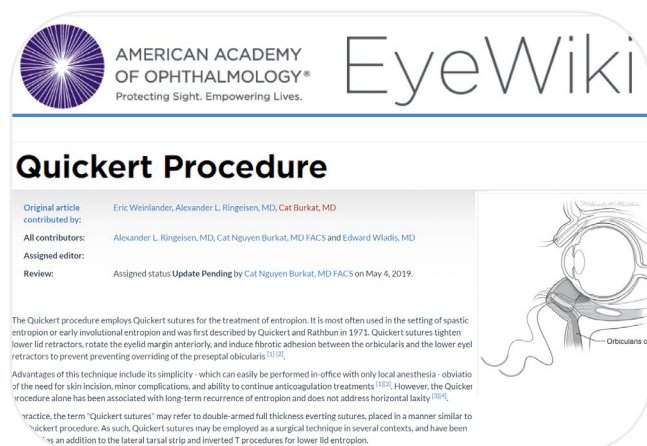

Reading Assignments

- AAO resources:
 - BCSC chapters
 - Focal Points articles
 - [Preferred Practice Guidelines](#)
 - Online exam simulators (i.e. [ROP](#), [Retinoscopy](#))
- Review articles or landmark studies

Videos and Lectures

- [Moran CORE lecture videos](#) recorded from prior years
- [Iowa EyeRounds Glaucoma curriculum](#) and [Oculoplastics procedures](#)
- [EyeTube](#) for anterior segment and vitreoretinal procedures
- [Oculoplastics.info](#) for Oculoplastics procedures by Richard Cesar
- [NOVEL](#) for neuro-ophthalmology exam findings and lectures

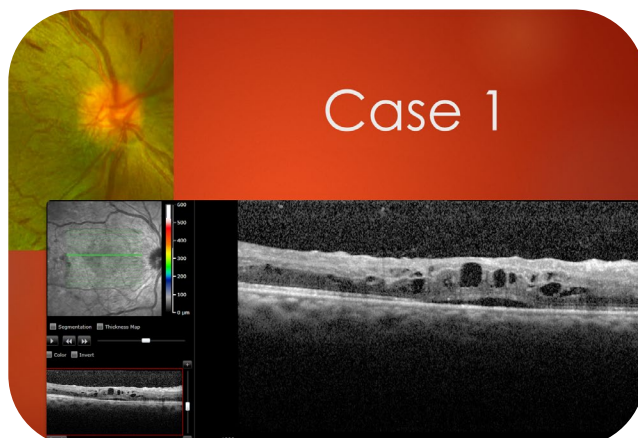

Peer-Reviewed Website Articles

- Wiki-style topics that can offer more up-to-date information than textbooks:
 - [Moran CORE](#)
 - [EyeWiki](#)
 - [Iowa EyeRounds](#)
 - [StatPearls](#)

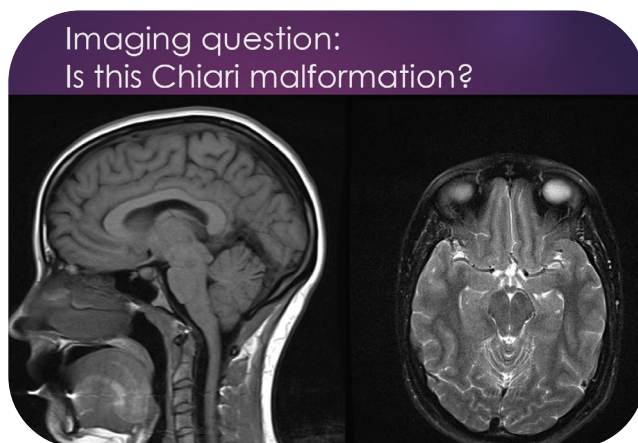

Podcasts

- [“Eyes for Ears”](#) (by Yale University Ophthalmology residents) to review high yield boards material
- [“J Lawton Smith Neuro-ophthalmology collection”](#)
- [“Straight from the Cutter’s Mouth”](#) VR surgeon podcast on journal article discussions and current events

PowerPoints Materials

- Send clinical cases to learners ahead of time to review as pre-work. Instruct residents to think of differentials and devise next steps prior to class.
- Create your own review PowerPoint or record a didactic lecture to post on Moran CORE.

Resident Questions

- Instruct residents to send you questions, clinical cases, and challenging patient scenarios encountered in clinic or on-call.
- Save the last 20-30 minutes of your session to answer and discuss resident questions.
